SATT NOTICE 1 OF 2022

Dear Valued Members,

RE: Updating of SATT Rates and Levies Structure

The Secretariat wishes to inform you that the Association's present rates and levies structure is currently being reviewed to devise the most efficient manner in which it can be standardized.

Please be advised that in the interim, invoices will be issued under the current rates structure for the period of January 2022 to March 2022. Once a resolution is arrived at, the rates may then be updated from April 2022 and the membership duly advised.

Thank you for your understanding.
